oodrive work

Comparative table: types of data sharing available on Oodrive Work & Oodrive Work_share			
	Generate a link	**Share via email**	**Create a collaborative folder**
	Generate a link that you can copy and paste to share using the communication tool of your choice.	Send your recipients a custom email and secure link to your shared content. Each recipient will be able to access the shared content based on the sharing permissions that you have set for them.	Share a collaborative folder with your colleagues and set access permissions for each of them. Once shared, the collaborative folder appears on their workspace.
